Guide to Computer Forensics and Investigations 7th edition Nelson Solutions Manual

Introduction

The purpose of this document is to provide a quick reference guide for the inline questions found within the Practice Labs lab guides.

Screenshot assessment items are found at the end of each lab exercise. The learner should follow the steps within the lab guide and take a screenshot when they see the screenshot assessment item below.

Alert: The images in this document are to be used as a guide. The screenshots taken by the learner may vary!
