Global Health Nursing in the 21st Century 1st edition Breakey Test Bank

SKU: 9780826118714-TEST-BANK

1. Define climate justice. Use examples from past or current events to support the statement, “Those most affected by climate change are the least responsible for the problem.”

Answer:

2. How do water-related effects of climate change cause epidemics of child malnutrition, diabetes, obesity, and other chronic diseases in disaster-stricken countries?

Answer:

3. What factors have contributed to the decrease in Malaria mortality? Can these factors be applied to help manage other infectious illnesses? Why or why not?

Answer:

4. What factors have caused the re-emergence of diseases like Dengue, Chikungunya, and Ebola? What efforts will be needed to combat the spread of these illnesses? By which entities? Discuss the health-related, sociological, cultural, and political issues that influenced the emergence of the 2014 Ebola epidemic.

Answer:

5. There is often sensationalist and inaccurate media coverage of health-related research, such as the link between autism and vaccines. What are at least two things we as nurses can do to counter this?

Answer:

Global Health Nursing in the 21st Century 1st edition Breakey Test Bank

6. According to the Association of Public Health Nurses, what are the four principles of the role of nurses in disasters? Does the global nursing role during natural disasters only apply to public health nurses? Why or why not?

Answer:
