    C) “World War II started recruitment of men as well as women into nursing.”
    D) “World War II marked the first emergency training of nurses.”

Textbook of Basic Nursing 11th edition Rosdahl Test Bank

17. When were male nurses given ranking equal to female nurses in the armed forces?
    A) Civil War
    B) World War I
    C) World War II
    D) Korean War

18. When considering the current trend of home care in the 21st century, what trends are expected to influence the nursing profession?
    A) Lower acuity in hospital and long-term care settings
    B) Shift to community-based care
    C) Lifestyle factors and shorter life expectancy
    D) Nursing education emphasizes service to clinical sites over education

19. A newly graduated practical nurse asks the registered nurse (RN) about the impact of the women's movement on present-day nursing. What should the RN's response include?
    A) “It has no impact; nurses still provide only primary care.”
    B) “It encourages nurses to work in a more collaborative manner.”
    C) “It allows nurses to work without having to report to primary care providers.”
    D) “It encourages nurses to work independently.”

20. Considering current trends that are expected to influence the nursing profession in the 21st century, which factors create a need for community-based nursing care? Select all that apply.
    A) Homeless, unemployed, or underemployed individuals
    B) Many people have limited health insurance
    C) Medical management of acute illness
    D) New advanced technology
    E) Extended life expectancy

21. A nurse is caring for a client with terminal cancer at the client's home. Why should the nurse put greater emphasis on teaching with the family members taking care of the client?
    A) Family members may have to manage the patient-controlled analgesia pump to manage the client's pain.
    B) Family members are expected to provide primary healthcare.
    C) Family members are required to understand the advanced levels of nursing care.
    D) Hospital stays may need to be decreased in both frequency and length.

Textbook of Basic Nursing 11th edition Rosdahl Test Bank

22. There are current trends that are expected to influence the nursing profession in the 21st century. Which among the current trends have been the most influential for the nursing profession? Select all that apply.
    A) Autonomy
    B) Changes in nursing education
    C) Technology
    D) Lower acuity among hospital clients
    E) Increased acuity among long-term care clients

23. Nursing insignia, uniforms, and the nursing school pin have importance in the field of nursing. Which are religious symbols represented in nursing? Select all that apply.
    A) An open Bible
    B) Star of David
    C) Maltese Cross
    D) A Christian Cross
    E) The Nightingale lamp

24. A licensed nurse has been asked to address a group of newly recruited nurses. What should the licensed nurse inform them about the nursing uniform?
    A) Donning a formal nursing uniform is necessary when giving nursing care.
    B) Wearing a nursing school pin is a required part of the nursing uniform.
    C) Wearing a nametag is a required element of the uniform when giving nursing care.
    D) The presence of a nurse in a uniform often makes a client uncomfortable

25. What was the impact of World War I on nursing?
    A) First emergency training of nurses
    B) Isabel Hampton Robb wrote the nursing curriculum
    C) The Navy School of Nursing was established
    D) Hundreds of men were trained in this abbreviated program
