SKU: 9781975108502-TEST-BANK

1. The nursing assistant instructor has just completed a class exploring the history of medical care with a group of nursing assistant students. The instructor determines the session was successful when the students correctly choose which factor concerning charlatans?
   A) Have attained mastery over medical science.
   B) Assist medical practitioners.
   C) Believe that God is the only healer.
   D) Have no training or knowledge of medicine.

2. A group of nursing assistant students are contrasting the various names of medical professionals over the years. The group discovered that a "family doctor" of their grandparent's generation will most likely now be referred to as which name?
   A) An in-house health care provider
   B) A general practitioner
   C) A community practitioner
   D) A general consultant

3. The nursing assistant is learning that health care should focus on the entire individual and not just the person's physical condition or disease. Which approach will the nursing assistant prioritize when providing care?
   A) Holistic
   B) Comprehensive
   C) Holoscopic
   D) Mind–body–spirit

4. The nursing assistant is researching options for the type of facility for new employment. Which types of health care organization are possible options for this nursing assistant? Select all that apply.
   A) Drop-in center
   B) Hostel
   C) Community center
   D) Assisted-living facility
   E) Long-term care facility

5. The health care provider has informed the family of a resident that there is nothing more that can be done and recommends transfer to a different health care organization. Which organization will **best** suit this situation?
   A) Hospice
   B) Terminus
   C) Case management site
   D) Assisted-living facility

Lippincott Textbook for Nursing Assistants 5th edition Carter Test Bank

6. A group of nursing assistant students have completed a presentation depicting the various aspects of a health care organization. The instructor determines they have successfully presented the information after explaining which duty is performed by the board of trustees?
   A) Setting policies to ensure that the organization provides safe and quality care
   B) Conducting research to determine the most effective treatments for clients
   C) Providing services during emergency operations
   D) Passing laws that address health care at a state level

7. A nursing assistant student on clinical notes one of the RNs has "DON" on her nametag. When questioned by his instructor, the student correctly explains the "DON" represents what?
   A) Director of Nursing
   B) Division of Nursing
   C) Doctor of Nursing
   D) Directory of Nursing

8. A nursing assistant student is preparing a poster illustrating the Omnibus Budget Reconciliation Act (OBRA) of 1987. Which goal should the student prioritize in the presentation when explaining the passage of this act?
   A) Improve conditions for people in long-term care facilities.
   B) Provide convenient transport services for clients or residents.
   C) Ensure that the hospital's budget did not exceed a decided amount.
   D) Reconcile differences between the clients or residents of an organization and the management.

9. The nursing assistant student is investigating the various organizations in the community which might provide future employment. The student anticipates the organization will be in compliance with Occupational Safety and Health Administration (OSHA) standards which provide protection for which group?
   A) Clients and residents, from unqualified health care professionals
   B) Health care professionals, from on-the-job injuries
   C) The family members of clients and residents, from contagious diseases
   D) The equipment in the facility, from unsafe or inefficient usage

10. While the health care team works hard to achieve many goals while providing quality care, which goal should the team prioritize?
    A) Provide competent, holistic care.
    B) Focus on the safety needs of the medical staff.
    C) Use the facility's resources efficiently.
    D) Maintain a strong nursing presence.

11. The nursing assistant works hard to complete many duties in caring for clients. Which skill should the nursing assistant prioritize to assist in the reimbursement process?
    A) Receiving payments from the person
    B) Documenting the care provided to the person
    C) Assessing the person's medical condition
    D) Authorizing treatments before they are carried out

12. The nursing assistant is responsible for obtaining some of the data collected for the Minimum Data Set (MDS). Which information will the nursing assistant most likely collect?
    A) The individual's past history
    B) The resident's food restrictions
    C) Cost of prescribed medications
    D) Resident's weight measurement.

13. The nursing assistant instructor has completed a class exploring the humanistic approach to health care. The instructor determines the class is successful when the students correctly choose which characteristic as **most** important?
    A) The client's physical needs are prioritized over his or her spiritual needs.
    B) The individuality of the client is recognized and prioritized.
    C) The client is encouraged to be as independent as possible.
    D) Cooperation between the members of the health care team is prioritized.

14. The nursing assistant is excited to start a career at an assisted-living facility. The nursing assistant is prepared to care for individuals who meet which criteria?
    A) Typically are in the later stages of an acute illness.
    B) Usually are recipients of Medicare and Medicaid.
    C) Have social needs but do not have significant medical problems.
    D) Are able to provide most of their care independently.
